Company Profile

Grammer AS is a German company that is located in Bursa/Turkey since 1986 in the production of commercial vehicle seats.

Our market: Truck, Bus, Tractor, Construction Machine, Train, Ship.

Our products: Driver seat, co-driver seat, passenger seat, plastic seat, train seat, shipping seat, off road seat.

Customer expectations

With focus on the future of the company the customer decided to invest in a new modern powder coating line with environmental point of view, the goal to increase production quality & the capacity, reducing the maintenance costs and optimize the consumption of powder.

Achieved results

We saved the nature from the dust.

GAS eliminated a waste by a Kaizen study with a step to industry 4.0 world.

GAS is really pleased to find-out that the thickness of the coating is very constant assuring excellent results in terms of coating quality.
