Approx. 3.0 m/min

Scope of delivery:

1x OptiFlex AS06

24x OptiGun GA03

2x OptiSelect GM03

1x OptiCenter OC02

1x MagicControl CM30

1x MagicCylinder

2x Reciprocators XT10/ZA07 floor mounted

2x Reciprocators XT10/ZA07 roof mounted

Application Success Stories

Company Profile:

Fagerhult is one of the leading lighting companies in Europe with 2.700 employees in more than 20 countries. They design, manufacture and promote innovative and energy efficient lighting solutions for professional indoor, outdoor and retail environments.

Company Expectations:

The goal with the new powder coating was:

- Tighter hanging of parts
- Reduction of manual coating
- Improved quality
- Reduction of recoatings

Key to Gema Success:

With the new GEMA line the following was achieved in the 18 month since installation:

- 25 % reduction of working hours per week
- >99 % Machine availability
- 20 % powder savings compared to earlier installation
